

## Length of Course

If prerequisites are met, the course can be completed in three semesters (18 months). In exceptional cases, which include extensive previous Waldorf training and sufficient teaching experience – it may be possible to complete the course in one year.

## Tuition

The course fee for the entire programme is 16.000 Euros. There are possibilities of partial scholarships depending on need.

# International English Masters for Waldorf Teachers

Freie Hochschule Stuttgart  
SEMINAR FÜR WALDORFPÄDAGOGIK

## Learn to Change the World

We are happy to announce that we are planning the 5th fully accredited Master of Arts Programme for Steiner School class- and subject teachers taught in English to commence in February 2021 and conclude in July 2022.

Our International Postgraduate Course for class and subject teachers draws people from all over the world. Students from more than thirty different countries represent the global interest in Waldorf education and the growing need for appropriately trained Waldorf teachers throughout the world. It is wonderful and enriching to observe and participate in international relations developing in a Waldorf context here on our campus in Stuttgart.

## Postgraduate Academic Studies

In a full-time course of studies, core elements of Anthroposophy, pedagogical anthropology, child and adolescent psychology and subject methodology are combined with an intensive artistic training in music, speech, Eurythmy, drama, clowning, painting, drawing and sculpting. In conjunction with practical experience gained in internships, this training thus offers extensive possibilities for teacher's personal and professional development.

A further key element is an extensive training in the methodology and didactics of one's chosen subject. The course is a graduate course and is concluded with a Master's Thesis written and presented in English.

## Admission Requirements

A Bachelor's Degree or the equivalent in a field related to education and/or a school subject. Many subjects are suitable – please ask us.

## Faculty for the International Masters Programme

### Iris Taggert

Michaela Escher  
Prof. Dr. Edwin Hübner  
Prof. Roland Halfen  
Prof. Matthias Jeuken  
Katharina DelBagno  
Prof. Dr. Peter Lutzker
